

Lithofin KF Limescale-Away

Description

A special product from the LITHOFIN-Range for ceramics, quarry tiles and porcelain (KF). Lithofin KF Limescale-Away is a highly effective, concentrated acidic cleaner. The product is nearly odourless, does not generate any vapours and can be completely rinsed away with water.

Properties

Lithofin KF Limescale-Away removes limescale, water spots, calcium and similar stubborn deposits quickly and effectively

Technical Data:

Density: approx. 1.05 g/cm³

Appearance: liquid, greenish

Odour: fresh, perfumed

pH-Value: approx. 1 (concentrate)

Flash Point: n.a.

Solubility in Water: complete

Field of Use

For removing encrustations and deposits from ceramics and porcelain tiles, sanitary fittings, water taps, kettles, coffee makers and other hot water equipment and household appliances.

Directions for Use

Apply undiluted to the wet surface and allow the product to work for 5 to 15 minutes depending on the stubbornness of the deposit. Rinse with plenty of clear water.

When cleaning kettles, coffee makers and other hot-water equipment, dilute Lithofin KF Limescale-Away 1:5 with water. Rinse the equipment several times with the solution, allowing it to work for a few minutes each time. Thoroughly rinse with clear water at least three times.

Please Note: do not use on surfaces sensitive to acid such as marble, limestone, aluminium, enamel, bronze, some decorative tiles and plastics, wood and textiles, etc. Always try the product in an inconspicuous area prior to use.

Storage

Keep closed, cool and dry.
Shelf life of up to five years.

Environmental Protection

Surfactants are biologically degradable in accordance with EU-regulations.

Disposal: diluted product may be added to waste water. Containers are made of environmentally friendly polyethylene (PE). Clean containers can be recycled through collection systems.

Safety

Contents: acids; non-ionic surfactants; auxiliary agents.

Risk and Safety Phrases: keep out of the reach of children.

First Aid Procedures: remove contaminated soaked clothing immediately. In case of inhalation, take in fresh air. In case of contact with skin wash off immediately with soap and water. In case of contact with eyes rinse thoroughly with plenty of water and seek medical advice. In case of ingestion, do not induce vomiting. If swallowed by mistake drink plenty of water and seek medical treatment.

Emergency Procedures: in case of spill or other release, take up with absorbent material (e.g. sand, sawdust, general-purpose binder). Ensure adequate ventilation. Product does not burn, fire-extinguishing activities according to surrounding. Special protective equipment for fire fighters: Use breathing apparatus with independent air supply.

Additional Information is listed on the Material Safety Data Sheet.
